It was an extremely powerful and transformative experience and there was so much healing taking place on so many levels. Kamila was able to guide me with so much compassion and grace, she created such a beautiful, supportive, and safe container. It woke up a power in me I didn’t know I had; it taught me how to connect to my spirit guides and my higher self. The gifts and tools I walked away with from this journey are truly priceless.”

“ I learned so much about hearing and following my intuition and putting into practice what I was learning in my everyday life. I always knew I had these abilities, but with Kamila’s help, I could get out of my way and start to allow them to unfold easily and gracefully. I loved how Kamila encouraged me to find my unique method within her teachings. I felt like I had so much freedom to explore the teachings and techniques I was drawn to and like I could co-create this journey. I was in awe of how flexible, supportive, compassionate, patient, and encouraging Kamila was throughout the entire series.”
